

Wellhead & Valve Services

Greene's
Energy Group™

Having the best equipment at the well site is only half of the equation. Once that equipment has been used, it needs to be maintained to API standards for safety, efficiency and ease of operation. Hiring Greene's to service, supply, refurbish, inspect and deliver your equipment is paramount to safe, cost-effective operations.

Wellhead & Valve Services

Greene's provides integrated manufacturing, repair, remanufacture and operational services for drilling and production wellhead equipment and valves. With a large inventory of equipment and a stable of professionally trained and qualified technicians, Greene's can service all major brands of wellhead equipment either at your site, in the field or at one of our numerous facilities located in principal oil-producing regions. In addition, our crews can quickly and safely install (or re-install) the equipment at the job site.

Some of the essential equipment Greene's Energy Group provides includes:

- Casing Heads
- Casing Spools
- Casing Hangers
- Tubing Hangers
- Tubing Heads
- Tubing Spools
- Tubing Head Adapters
- Flow Tees
- Tree Assemblies and Caps
- Chokes – Positive and Adjustable
- Ball Valves
- Gate Valves
- Plug Valves
- Control Valves
- Safety Relief Valves
- Orifice Fitting and Valve Lubrication- Both Onshore and Offshore
- Choke and Kill Manifolds
- BPV/TWC Lubricators 5M/15M
- Tree Jacks

Greene's can also custom design field maintenance and lubrication programs for all of your wellhead equipment and valves both onshore and offshore.

Additionally, we can provide storage and maintenance for customer property in our yard.

Greene's remanufactures, resells and repairs wellhead equipment to API-Q1 standards. In addition, we also sell new wellhead equipment (API-6A), valves and virtually all of the additional related equipment you will need for your site.

Our turnkey in-house shop capabilities — from machining, painting and coating to testing and monitoring — allows us to maintain ultimate quality control, thereby providing our customers with cost-effective, flexible solutions.

Focus on Safety

At Greene's, safety is our first priority. Experience, knowledge, responsiveness and attention to safety have made Greene's Energy Group an industry leader. This mission guides the company's growth and expansion plans for all of its energy service businesses. Protecting the health and safety of our people and the public, preserving the environment and preventing damage to property are paramount.

You Require. We Respond.

A leading provider of integrated testing, rentals and specialty services, Greene's Energy Group offers tools and services to improve productivity onshore and offshore.
